Milady's Standard Nail Technology, 7 th Edition	<p><i>Milady Standard Nail Technology, 7th Edition</i> is packed with new and updated information on several important topics including infection control, manicuring, pedicuring, chemistry, UV and LED gels, and the salon business. Brand new procedural photography enhances step-by-step instructions for the student. Also included, is a new "Why Study?" section at the beginning of each chapter, outlining the importance of understanding the concepts presented. Chapter objectives have also been revised to provide students and instructors with measureable, outcomes-based goals that can later be assessed using the end-of-chapter review questions. This latest edition of <i>Milady Standard Nail Technology</i> gives the aspiring nail technician the tools they need to pass their licensure exam and to launch themselves into a rewarding and successful career.</p> <p>New to this Edition</p> <ul style="list-style-type: none"> • New and updated information on infection control, product chemistry, manicuring, pedicuring, monomer liquid and polymer powder nail enhancements, and UV and LED gels. • Increased coverage of business skills includes information on opening your own salon, franchise ownership, operations, laws, regulations and much more. • Detailed information on preventing dust and chemical fume inhalation overexposure, source capture ventilation systems, and use of N-95 dust masks. • All-new, full-colour photographs, including photos of nail and skin disorders and diseases and procedural photographs showing gloved hands. <p>Key Features</p> <ul style="list-style-type: none"> • Topics required for state licensing exams are presented in a complete and easy-to-read manner. • Accurate and up-to date information on infection control provides greater protection for nail professionals and nail salon clients. • Additional learning elements including Focus Points, Safety Cautions, Tips, Regulatory Agency Alerts, Business Tips, Application Tips, Service Tips, and Web Resources provide valuable information. • A total of 36 procedures are included, each with step-by-step instructions and full-colour photos. 	\$127.94 (978-0-17-0187671)

	<p>Combining theory and practice in one easy-to-use book, Professional Beauty Therapy covers the core competencies in SIB10 Beauty Training Package, including health and safety, beauty sciences, treatments and professional practice.</p> <p>Comprehensive, easy-to-use and up-to-date with the latest industry trends, Professional Beauty Therapy will provide your students with the specialist skills and underpinning knowledge you need to give your learning that professional edge</p> <p>Features</p> <ul style="list-style-type: none"> • Expanded instructors manual with comprehensive information on advanced treatments • Increased task based learning activities and assessments online • Includes the key competencies of the Australian Qualifications Framework; instructors can be confident that coverage is contextualised to the Australian scope of practice • Some material on advanced treatments moved online to allow for greater coverage of core competencies in text • Incorporates expanded content on Sustainability and completely rewritten chapter on Business Management <p>About the Authors</p> <p>Lorraine Nordmann - has over twenty years of experience in the beauty therapy industry – an industry she has seen grow significantly in status, technology and specialism during her roles as lecturer, assessor and external verifier for City & Guilds. She aims to ensure that this high profile of the beauty therapy industry is maintained. Lorraine is also the author of the Habia official guides, Beauty Basics and Beauty Therapy – The Foundations, covering the latest industry standards at NVQ/SVQ Levels 1 and 2.</p> <p>Andrea Day - has over 16 years of beauty industry experience both in Australia and the UK. Her training and assessing experience has spanned 13 years. Throughout her career she has kept her hand in the industry working in beauty salons and spas in Melbourne and Central London. She is currently in her 11th year as senior trainer and assessor at Victoria University, Melbourne. As a Vocational and Educational Training (VET) instructor and VET in Schools (VETiS) co-ordinator at VU, Andrea is passionate about the need to provide the best resources to meet the learning requirements of our industry demographic.</p>	
	<p>The list of books below were developed to address units in the superseded SIB10 Beauty Services Training Package v1.2 and its requirements. As changes have been made to the newly endorsed <u>SHB Hairdressing and Beauty Services Training Package V1.0</u>, this may result in information in these resources not being aligned to the new requirements within SHB Hairdressing and Beauty Services Training Package V1.0.</p> <p>The Nail Compendium</p> <p>Learner Guide: SIBBFAS201A Demonstrate retail skin care products (electronic)</p>
